Dear Friends of Saddle Up,

While we have missed seeing you at our programming and events, we will continue to share the joy and impact of therapeutic horseback riding through our Hoofbeats and Heroes 2020 campaign and connect with you through our website and social media.

As we look ahead, we are focused on providing amazing care for our horses and continuing to provide transformative experiences for our riders. This is why it is even more important to have a sustainable way to deliver our mission.

ội, together, will ensure that this ride never ends.

Now more than ever, we are counting on our community to help us keep our lesson fees low. Because of your generosity, Hoofbeats & Heroes presented by Jackson National Life Insurance Company in partnership with The Franklin Theatre kicked off our Rider Sponsorship campaign more than $10,000 raised. We hope you will help continue to spread the message about the essential funding needed to keep our lesson fees low throughout 2021.

Many have asked, how can we help? Twenty-seven well-loved and very important horses still need care, feed, shavings, and farrier services. We know that many of our Saddle Up! family, to ask if you would consider supporting our herd and our kids with a tax-deductible donation.

How can you help see Saddle Up! through this time? It is with the greatest respect for providing excellent outcome based programming remain central to all we do.

In our 30 years of service to the children and youth of Middle Tennessee we have taken the lead in developing innovative approaches, therapies, and services. The Saddle Up! mission is to provide to all who would benefit from the therapeutic horseback riding program, regardless of financial resources.

We hope everyone is safe and remains so until the COVID-19 Pandemic is resolved. To everyone on the front lines who are essential staff in our community, we are so grateful for everything you are doing.

Thank you to everyone who joined us to watch our 2020 Hoofbeats & Heroes event.

Stay Tuned

Thank you, Laurie Kush
