INTERACTIVE VAULTING PROGRAM INFORMATION

Saddle Up!'s Interactive Vaulting (IV) program is an equine-assisted activity where participants perform movements on and around the horse while the horse is being lunged on a circle. During a lesson, our PATH International Certified Vaulting Instructor directs vaulters to interact with each other and their horse in many different ways in order to foster teamwork and independence, teach respect for the horse, build confidence, and encourage social interaction. Our Interactive Vaulting program serves children and youth with disabilities from the age of 6 through their 19th birthday.

PROGRAM STRUCTURE

Saddle Up's Interactive Vaulting program is a year round program where children from the age of 6 through their 19th birthday participate in a group of up to 6 vaulters. While the horse is being lunged, vaulters perform movements that can be very simple such as sitting without holding onto the surcingle or more elaborate vaulting position moves such as kneeling or standing on the horse. Participants are assigned to a weekly, 1 hour lesson led by a PATH International Certified Vaulting Instructor. During the summer, the Interactive Vaulting program will host a summer skill week. The summer skill week will be held Monday through Friday from 9am-12pm each day. No prior experience is necessary for someone to attend the summer skill week.

PROGRESS & GOALS

Interactive Vaulting fosters teamwork and independence, teaches respect for the horse, builds confidence, encourages social interaction, offers individualized instruction while mounted, and it introduces multiple gaits in a short period of time. The goals are set for the vaulting group based on participant files and parent/guardian input. Goals are re-assessed at the end of the session and progress is communicated with the group and their parents/guardians.

ELIGIBILITY

- Participants must be between the age of 6 and 19 years old and have a documented disability.
- Participants must be able to ambulate independently without any assistive devices.
- Participants must also be able to follow directions willingly and to work as a team to support other vaulters during the lesson.
- Saddle Up! follows the PATH International Precautions and Contraindications for determining eligibility for our programs.
- Eligibility and program placement will be determined by reviewing the participant's paperwork and completing a New Participant Assessment. There is a \$30 charge for the New Participant Assessment. If the child has already completed a New Participant Assessment for the Adaptive Riding program, then another assessment is not necessary.
